

CELESTE MICHELLE

About

Age 23
Occupation Student
Location Copenhagen

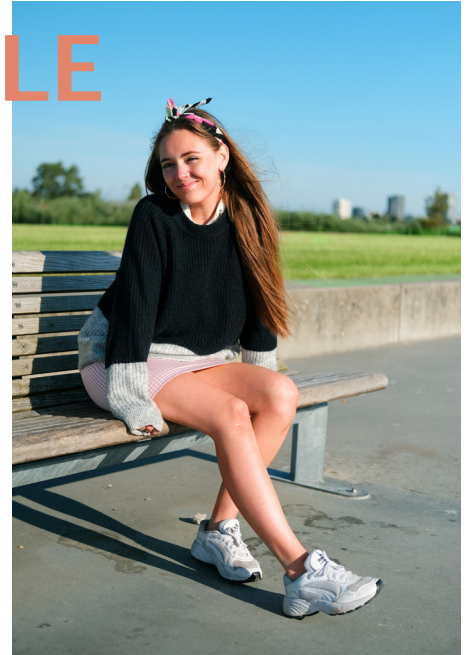

I'm a junior multimediadesigner. I currently study at Københavns Erhvervsakademi on 3rd semester. Before I started my study as a graphic designer, I was studying at home in my sparetime and taught myself some of the Adobe programs and learned about what graphic design is.

In 2019 I finished my art school course where I studied photography, architecture, design and ceramics.

Except my art school course I've worked for DFDS since 2018 until 2022.

I'm a very creative soul who always is crafting something. I love to paint, draw, do mini prototypes of architecture buildings, read books, or do my wall-decoration art. Oh and of course kryds&tværs!

I love to explore and constantly learn new things, that's what drives me everyday - learning!

Professional skills

Committed
Organized
Creative
Openminded
Flexible
Love learning
Team player
Selfdisciplined
Never late
